

RUNN & HEARTBEATZ CONNECT APPLE WATCH APP INTEGRATION

Connect Apple Watch to the Runn to record your workout on your watch.

How To Get Started

1. Download our Configurez app. Update your Runn's software.
2. Download the heartbeatz connect Apple Watch app.
3. Pair your Runn with your Apple Watch, and you are ready to go!

UTILIZE YOUR RUN METRICS

Get real-time metrics from the Runn including; speed, pace, distance, incline, cadence, heart rate and more.

SAVE YOUR WORKOUT

Save your workout as an indoor run including heart rate to your iPhone on the Activity app.

APPLE WATCH HEART RATE

Allows you to use your Apple Watch as a heart rate source for 3rd party apps that connect to the Runn such as Zwift.

BLUETOOTH SUPPORT FROM IPHONE

Using heartbeatz connect app on your iPhone allows 3rd party apps/devices to connect directly to the iPhone via Bluetooth.
